*This represents wines created with the younger vines that have reached a level of maturity capable of producing wonderful wines, but not yet mature enough for the final Harlan Estate blend. Bill Harlan created the Maiden to give this exquisite wine its own voice. It is grown and vinified to the same standards as Harlan Estate.*

## *the bond collection*

### **bond**

*A portfolio of wines from Napa, California that are diverse in their geographic representation and “Grand Cru” in quality. Bill Harlan has created five “Grand Cru” vineyards to explore, representing the best of what the vines and terroir have to offer. They are listed from the most Northern and highest elevation to the more Southern vineyards.*

### **pluribus**

*The name refers to the Latin word for many, and was chosen to signify the various facets involved in creating a fine wine: from the sun, soil, and climate of a vineyard. Its character is a bold, rich and concentrated wine; elements of dark plum, roasted coffee, and scents of cedar are its hallmarks.*

### **quella**

*The name is derived from the German word for a pristine source or an artesian aquifer. This property is steeply sloped facing southwest. The site is an ancient riverbed composed of cobble and rocks interwoven with pockets of tufa (volcanic ash) that were uplifted during the last volcanic activity in the area. Quella displays an almost ethereal quality of blue fruits, graphite, and a vibrant, subtle finish.*

## st. eden

*Eden is an historical reference to this region's designation on nineteenth century maps. The red rocky soil of this north facing site originates from high in the Vaca Mountains. It shows great focus, an opulent "sweet" center and notes of crème de cassis, dark chocolate, and roasted herbs. Mineral-tinged and broad on the palate, it finishes with fine-grained tannins and a lush concentration.*

## **promontory- the newest wine from bill harlan**

*In an unmarked territory, hidden beyond the upper reaches of Oakville's southwestern borderlands, PROMONTORY looms remote, raw, and replete with uncharted potential.
